## SPRAY TANNING

**Vita Liberata:** is a luxury spray tan product which is organic, odourless, paraben free, and quick drying. It is available in 3 different shades in order to achieve your desired colour.

**St Tropez:** is specially formulated to give a sunless fake tan resulting in a perfect streakless, natural looking tan.

Full body spray tan	£20.00
Upper Body Spray Tan	£15.00

### Prior to Treatment

To get the best from your tan exfoliate and moisturise your skin regularly prior to having the spray tan. This will give a smoother surface for the therapist to apply the tan. A much better result will be achieved and the tan should last longer.

Always have a trial run 4-6 weeks before the any important occasion, in the rare case of allergies or unexpected results.

### Day of Treatment

Do not wax or shave within 24hours of the treatment. To ensure the best possible results please shower prior to arrival. Do not apply body lotion, deodorant, make-up or perfume. Please wear loose dark clothing and flip-flops.

### After Treatment

Tan will develop for 6-8 hours, it is preferable that you do not shower for up to 8 hours after the application. Taking long hot baths, showers or swimming will lessen the life of your tan. After bathing pat skin dry and apply the matching moisturiser.

## WAXING

### **Wax Regularly**

You will have far better results as your hair will gradually weaken, growth will appear finer and a lot of clients will experience a reduction in hair growth over time. Exfoliate the area regularly (with a body scrub or bath mitts). Not only will your skin feel great, but this will also help prevent in-grown hairs.

### **After care**

Your hair follicles will be open after your treatment, so it is important to avoid the following for 24 hours after your wax:

- Excessive perspiration and friction
- Sauna / Steam room
- Hot bath / Shower / Swimming
- UV exposure
- Fake tan / Body Lotion / Perfume
- Tight clothing

### **Retin A or Ro-Accutane**

Let your therapist know about any allergies or medical conditions you have. Waxing is not suitable if you have been using Retin A or Ro-Accutane within the last six months. Some treatments will use nut or aromatherapy oils.
